*Levels and ages are recommendations only. If you would like to try your student in a level that is not recommended for his/her age, please consult Ms. Mary.

Find Your Level

LEVEL I: (1 Hour) The little guys ages 4 and older, including preschoolers and kindergarteners. This class focuses on following directions, handling the media, paying attention, being away from Mom for a full hour and learning to love art at a very young age!

LEVELS II & III combined: (1 Hour) This group includes mature kindergarteners that have previously been in our classes for at least one school year, first, second and third graders (ages 5-8). Here the children learn to stay on task to create satisfying artwork, and work with a variety of media, both two and three dimensional to develop fine motor skills. *

LEVEL III and IV combined: (1.5 Hours) Advanced 8 year olds up to and including 12 year old children comprise this group. More types of media and subject matter are introduced to these students to help them develop their cognitive and problem-solving skills, as well as their knowledge and expertise in art. Of course, we have a bunch of fun, too! This is perfect for home schooled siblings! *

LEVEL IV: (1.5 Hours) For Students ages 10 plus, this class focuses on helping the budding artist create works of art without as much guidance, but with lots of self expression and exploration. Lessons still offer structure and plenty of assistance. Here we focus on developing self confidence through artistic expression.

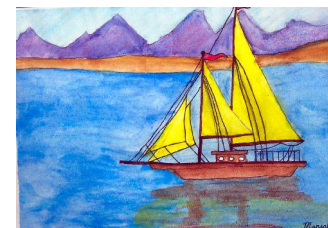

LEVEL V: (2 Hours) These classes are for teens and adults and offer a special tuition discount for senior citizens (over 60). Unless otherwise noted every class is for all levels of expertise, so don't think you have to be advanced to join in the fun!

About Our Curriculum

Our **Mixed Media Classes** for all Levels give each group art exploration in drawing, painting, clay, beadwork, glass fusing, collage, and more. Our goal is to introduce students to art through many media, techniques and styles.

Classes this year will be a Mixed Bag - drawing all sorts of subjects to learn about art concepts. For example, we may draw a beautiful harbor seal in a lesson about texture. The Sailboat lesson shown below is a lesson about reflections. Each month we will have a suggestion box where students can write down an idea for a drawing lesson and we will choose one of their ideas for one lesson the following month.

Oil Painting Class for Adults/Teens/ Seniors. Designed for painters of all levels of ability, this class allows artists to work at their own speed on their own projects and is for beginners and advanced students alike. Bring your own supplies, or for a \$20.00 per painting supply fee, we'll provide everything you need.

"Sailboat"
